Algorithmic Thinking (Part 2)

The Fundamentals of
Computing Capstone Exam

Jul 11, 2017

Edward Akwasi Amankwah

has successfully completed the online, non-credit Specialization

Fundamentals of Computing

This Specialization covers much of the material that first-year Computer Science students take at Rice University. Students learn sophisticated programming skills in Python from the ground up and apply these skills in building more than 20 projects. The Specialization concludes with a Capstone exam that allows the students to demonstrate the range of knowledge that they have acquired in the Specialization.
